Find out more about our Part Exchange and Assisted Move Service

At Springfield we will do everything we can to help you move with the absolute minimum of stress or worry. Our team are experts on Assisted Move and Part Exchange and we are with you helping you every step of the way, taking care of the detail and ensuring that you and your family's interests are the priority.

Here's how Assisted Move works:

1. We will arrange two independent valuations and agree a price at which to market your home.
2. You can choose which agent will market your property.
3. We will arrange to have a Home Report carried out on your current home and organise the marketing through your preferred nominated estate agent.
4. Your preferred new Springfield home will be held for four weeks once marketing of your current home has commenced, with a weekly review thereafter.

Here's how Part Exchange works:

1. To take advantage of Part Exchange, your preferred Springfield home must be of a value of at least 30% higher than the property you are selling.
2. A Sales Manager will visit your home to carry out an inspection before an agreement is reached.
3. We will arrange two independent valuations and agree a price at which to purchase your home - at no additional cost.
4. Our Solicitors will prepare the relevant legal paperwork finalising the purchase of your new Springfield home and the sale of your existing property to us - again, at no additional cost.
5. Once agreed we become your guaranteed buyer and you are free to focus on your new home.
